

## **„Ad hoc announcement according to § 15 WpHG“**

### **Business development in 2007**

The Einhell AG announces at the annual general meeting that the group turnover increased by around 4.7 % from Euro 195.8 million to around Euro 205 million in the first six month of the financial year 2007, adjusted by the effect of weka turnovers. Earnings before tax will be approximately Euro 12.8 million, adjusted by the effect of weka earnings. This is an increase of around 6.7 % compared to the adjusted earnings of the previous year

The board of directors expects that the planned group turnover of Euro 380 million to Euro 400 million for the business year 2007 will be reached.

Landau/Isar, 22 June 2007
