

## **Einhell Germany AG opens Representative Office in Vietnam**

Einhell Germany AG has opened a Representative Office in Hanoi/Vietnam on December 9<sup>th</sup> 2008. A technical and sourcing team will be built up in order to support local Vietnamese manufacturers to achieve the quality standard requested by Einhell Germany AG. Already in 2009 all needed standards are planned to be established and first goods to be produced in Vietnam. Thus Einhell Germany AG intends to set up an alternative to the Chinese procurement market step by step.
